June 30, 2016

TO: The Honorable Mayor and Members of the Borough Council

RE: Comprehensive Annual Financial Report for the Year Ended
December 31, 2015

The Comprehensive Annual Financial Report for the Borough of Freehold, County of Monmouth, State of New Jersey, is hereby submitted herewith and includes financial statements and supplemental schedules. I believe it is accurate in all material respects; that it is presented in a manner designed to set forth fairly the financial position and results of operations of the Borough of Freehold as measured by the financial activity of its various funds, and that all disclosures necessary to enable the reader to gain maximum understanding of the Borough's financial affairs have been included.

The Comprehensive Annual Financial Report is presented in four sections: Introductory, Financial, Statistical and Auditor's Comments and Recommendations. The Introductory Section includes this transmittal letter and a list of principal officials. The Financial Section includes the annual financial statements and individual fund financial schedules as well as the Independent Auditors' Report. The Statistical Section includes selected financial, economic and demographic information, generally presented on a multi-year basis. Responsibility for completeness and clarity of the report, including disclosures, rests with the Chief Financial Officer and, ultimately, with the Mayor and Council.

The financial statements have been audited by Suplee, Clooney & Company, whose opinion is expressed in the Financial Section. Please note that the Independent Auditors' Report is unmodified and states that the financial statements are presented fairly in conformity with the basis of accounting as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, except for the LOSAP Fund financial statements which have not been audited.

The Single Audit Act of 1984, including all amendments thereto; U.S. Office of Management and Budget Circular A-133, "Audits of State, Local Governments and Non-Profit Organizations" and the New Jersey Office of Management and Budget Circular 04-04, "Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid" provide the requirements for undergoing an annual single audit. The Borough did not meet the criteria for a single audit for the year ended December 31, 2015.

During 2015, there were various capital projects that were completed by the Borough of Freehold. There was a town wide repaving and restoration program completed in numerous locations as well as the repaving of Mary and Murray Streets. There was also the development of a fair share housing program and the authorization for the assessment to re-examine the master plan of the Borough.

The engineering study for generators at the Water Treatment Plant, Birch Drive Pump Station and the Firehouse continued on during 2015. The purpose of the engineering study was to provide the Borough with the projected costs associated with various generators at different sites and the related benefits. 2016 will see this study put to use with an authorization to move forward with new generators.

There was various capital equipment purchased in 2015 which included the purchase of a Dodge Ram pick-up truck, (2) dump trucks, a spreader, lawn mower, leaf vacuum machine, backhoe and generator for the Department of Public Works and Water-Sewer Departments. In addition to these items, there was a speed monitor and trailer purchased for the Police Department.

The Borough of Freehold initiated a Borough wide water meter replacement program. The program will replace all water meters in the Borough with meters that are guaranteed to have a 99.9% accuracy rate for at least 10 years. The system will be able to read meters remotely throughout the Borough and have the capability of providing the Water Department with live, up to date information on usage at any location. The new meters will also be able to provide for usage history, leaks and excessive usage so that the Borough should be able to notify residents and property owners of potential problems such as leaks in a timelier manner. The installation program will begin in the summer of 2016.

The Borough continued to host annual community events such as the Memorial Day parade, Olde Freehold Day, St. Patrick's Day parade, Spooktacular, Town wide yard sale, July 4th fireworks and the Community Garden to mention a few.

Based upon 2015's fiscal information contained in this report and information available to me, along with my familiarity with Freehold Borough, it is not anticipated that the Borough will experience any financial distress in 2016. The Borough continues to actively pursue various cost saving avenues and revenue streams from alternative sources.

CASH MANAGEMENT

Bank balances are insured up to \$250,000 in the aggregate by the Federal Deposit Insurance Corporation for each bank. In addition, the State of New Jersey Governmental Unit Deposit Protection Act ("GUDPA") insures the remaining balance of Funds on Deposit in registered depositories.

The Borough invests all surplus funds for appropriate periods of time as determined by the Chief Financial Officer. During 2015, idle funds were invested with Amboy Bank in an investment account which offered a rate of 0.45% during 2015 which exceeded all other investment account opportunities.

ACCOUNTING AND BUDGET INFORMATION

Accounting:

The Borough maintains an on-line, real-time computerized accounting system to record all financial transactions including tax and water-sewer receipts and billing, special assessments, revenue, budget and general ledger, payroll and fixed assets.

In developing and evaluating the Borough's accounting system, consideration is given to the adequacy of internal accounting controls. Internal accounting controls are designed to provide reasonable, but not absolute, assurance regarding: (1) the safeguarding of assets against loss from unauthorized use or disposition; and (2) the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes that (1) the cost of controls should not exceed the benefits expected to be derived; and (2) the evaluation of costs and benefits requires estimates and judgment by management.

During the calendar year, financial reports are prepared monthly and distributed to the Mayor and Council, Business Administrator and department heads. The reports detail the monthly transactions and summarize the balance in the appropriations allocated for goods and services.

Management of the Borough is responsible for establishing and maintaining an adequate internal control structure.

Budget:

The Local Budget Law for the State of New Jersey requires every local unit to adopt an operating budget in the form required by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division"). Certain items of revenue and appropriation are regulated by law and the proposed budget must be certified by the Director of the Division (the "Director") prior to the final adoption. The Local Budget Law requires each local unit to appropriate sufficient funds for the payment of current debt service, and the Director is required to review the adequacy of such appropriations, unless a specific amount is required by law. The review function, focusing on anticipated revenues, serves to protect the solvency of all local units.

Section 5:30-4 of the New Jersey Administrative Code provides that every local unit that proposes to spend \$25,000 or more on capital equipment, construction or improvements must prepare a Capital Budget. If the Borough's population exceeds 10,000 the Capital Improvement Program shall include by title all projects anticipated for the Budget year and the five succeeding years, with the estimated costs and the anticipated financing by sources and amounts. A six year Capital Improvement Program was adopted as part of the 2015 Budget.

A Capital Budget section included with the Annual Budget does not in itself confer any authorization to raise or expend funds. Rather, it is a document used as a part of the local unit's planning and management program. Specific authorization to expend funds for purposes described in the Capital Budget must be granted separately, through the adoption of a bond ordinance, by appropriating funds from the Capital Improvement Fund, or other lawful means.

The Budget of the Borough is categorized into appropriations by function. Each appropriation represents a service program or division within the Borough. Funds are appropriated to each of the Budget lines by the Mayor and Council in accordance with procedures prescribed by the State of New Jersey Local Budget Law.

Distinct appropriations are required for "Salaries and Wages" and for "Other Expenses". The Borough delineates each appropriation into subaccounts by budget codes.

The Business Administrator and Chief Financial Officer monitor expenditures throughout the fiscal year to ensure that spending remains within the amounts of funds authorized. Budget modifications are processed in the last two months of the year to transfer funds from one area to another as needed.

DEBT ADMINISTRATION

The authorized bonded indebtedness of municipalities in the State of New Jersey is limited by statute to an amount equal to 3½% of their equalized value. The equalized valuation basis of the Borough is set by statute as the average for the last three years of the equalized value of all taxable real property and improvements and certain railroad property within its boundaries as annually determined by the State Board of Taxation.

The Borough has managed its debt well and has outstanding debt equal to 1.447% of its equalized value.

ACKNOWLEDGMENT

The preparation of this report on a timely basis could not have been accomplished without the efficient and dedicated service of the entire staff of the Finance Department and I would like to express my appreciation for their help and assistance in the preparation of the Borough's Comprehensive Annual Financial Report.

Respectfully submitted,

Richard J. Gartz, CPA, RMA
Chief Financial Officer

INDEPENDENT AUDITOR'S REPORT

The Honorable Mayor and Members
of the Borough Council
Borough of Freehold
County of Monmouth
Freehold, New Jersey 07728

Report on the Financial Statements

We have audited the accompanying General Purpose Financial Statements of the Borough of Freehold, as of December 31, 2015 and 2014, and the related notes to the financial statements, which collectively comprise the Borough's statutory financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the statutory basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these statutory financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division"), and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

SUPLEE, CLOONEY & COMPANY

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the statutory financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the statutory financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Basis for Adverse Opinion on U.S Generally Accepted Accounting Principles

As described in Note 1 of the statutory financial statements, the statutory financial statements are prepared by the Borough of Freehold on the basis of the financial reporting provisions permitted by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of New Jersey.

The effects on the financial statements of the variances between the statutory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the "Basis for Adverse Opinion on U.S Generally Accepted Accounting Principles" paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the various individual funds and account group of the Borough of Freehold as of December 31, 2015 and 2014, or the results of its operations and changes in fund balance for the years then ended of the revenues or expenditures for the year ended December 31, 2015.

Basis for Qualified Opinion on Statutory Basis of Accounting

The financial activities of the Length of Service Award Program (LOSAP) are presented in the financial statements of the Borough's Trust Fund. These financial statements of the LOSAP have not been audited and were not required to be in accordance with the regulations of the Division of Local Government Services, Department of Community Affairs, State of New Jersey.

Opinion on Statutory Basis of Accounting

In our opinion, except for the effects of such adjustments, if any, that might have been necessary had the LOSAP Fund Financial Statements been audited, the statutory financial statements referred to above present fairly, in all material respects, the statutory basis balances sheets of the various individual funds and account group as of December 31, 2015 and 2014, the statutory basis statement of operations and changes in fund balance for the years then ended and the statutory basis statement of revenues and expenditures and changes in fund balance for the year ended December 31, 2015 in accordance with the basis of financial reporting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey as described in Note 1.

Other Matters

Other Information

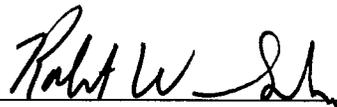

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Borough of Freehold's statutory financial statements. The Combining and Individual Fund and Account Group Statements, supplementary information and data listed in the table of contents as required by the Division of Local Government Services, Department of Community Affairs, State of New Jersey are presented for purposes of additional analysis and are not a required part of the statutory financial statements.

The Combining and Individual Fund and Account Group Statements, supplemental information and schedules listed above and also listed in the table of contents are the responsibility of management and were derived from and relates directly to the underlying accounting and other records used to prepare the statutory financial statements. Such information except for those portions marked unaudited, have been subjected to the auditing procedures applied in the audit of the statutory financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the statutory financial statements or to the statutory financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental information listed and data in the table of contents, are fairly stated, in all material respects, in relation to the statutory financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 30, 2016 on our consideration of the Borough of Freehold's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Borough of Freehold's internal control over financial reporting and compliance.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

The Honorable Mayor and Members
of the Borough Council
Borough of Freehold
County of Monmouth
Freehold, New Jersey 07728

We have audited, in accordance with the auditing standards generally accepted in the United States of America, the audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the statutory financial statements of the various individual funds and the account group of the Borough of Freehold, as of and for the year ended December 31, 2015, and the related notes to the financial statements, which collectively comprise the Borough's statutory financial statements, and have issued our report thereon dated June 30, 2016. Our report disclosed that, as described in Note 1 to the financial statements, the Borough of Freehold prepares its financial statements on a basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, that demonstrates compliance with a modified accrual basis and the budget laws of the State of New Jersey, which is a comprehensive basis of accounting other than U.S. generally accepted accounting principles.

Internal Control Over Financial Reporting

In planning and performing our audit of the statutory financial statements, we considered the Borough's control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements but not for the purpose of expressing an opinion on the effectiveness of the Borough's internal control. Accordingly, we do not express an opinion on the effectiveness of Borough's internal control.

SUPLEE, CLOONEY & COMPANY

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Borough of Freehold's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

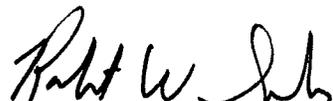

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Borough's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Borough of Freehold's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Borough of Freehold's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

NOTES TO THE FINANCIAL STATEMENTS

BOROUGH OF FREEHOLD
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2015 AND 2014

Note 1. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

- A. Description of Financial Reporting Entity - The Borough of Freehold (the "Borough") is located in the western part of Monmouth County in the north central part of New Jersey. It is wholly surrounded by Freehold Township and its neighboring communities include Colts Neck, Marlboro and Manalapan Township.

The Borough of Freehold operates under the Borough form of government. The governing body consists of a Mayor and six Council members. All action is passed by a majority or, when required, a 2/3 vote of Council. The Mayor votes only in the event of a tie. The Mayor has veto power over all ordinances passed by the Borough Council. This veto can be overridden by a two-thirds (2/3) vote of the Council.

- B. Description of Funds - The Governmental Accounting Standards Board (GASB) is the recognized standard setting body for establishing governmental accounting and financial reporting principles. The GASB establishes seven fund types and two account groups to be used by governmental units when reporting financial position and results of operations in accordance with generally accepted accounting principles (GAAP.)

The accounting policies of the Borough conform to the accounting principles applicable to municipalities that have been prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the Borough accounts for its financial transactions through the following separate funds that differ from the fund structure required by generally accepted accounting principles.

Current Fund - Encompasses resources and expenditures for basic governmental operations. Fiscal activity of Federal and State grant programs are reflected in a segregated section of the Current Fund.

Trust Fund - The records of receipts, disbursement and custodianship of monies in accordance with the purpose for which each reserve was created are maintained in Trust Funds. These include the Animal Control Trust Fund and Trust Other Fund.

BOROUGH OF FREEHOLD
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
YEARS ENDED DECEMBER 31, 2015 AND 2014

Note 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Description of Funds (Continued)

General Capital Fund - The receipts and expenditure records for the acquisition of general infrastructure and other capital facilities, other than those acquired in the Current Fund, are maintained in this Fund, as well as related long-term debt accounts.

Water-Sewer Utility Operating Fund and Capital Fund - The Water-Sewer Utility maintains an Operating Fund and Capital Fund which reflect revenue, expenditures, stewardship, acquisitions of utility infrastructure and other capital facilities, debt service, long-term debt and other related activity.

Payroll Trust Fund - Net salaries, certain payroll deductions and social security contributions of municipal and utility operations are deposited into bank accounts of the Payroll Fund. Other deductions are retained by the operating funds and paid directly therefrom. A Payroll Fund does not exist under GAAP.

Fixed Asset Group of Accounts - These accounts reflect estimated valuations of land, buildings and certain moveable fixed assets of the Borough as discussed under the caption of "Basis of Accounting".

- C. Basis of Accounting - The accounting principles and practices prescribed for municipalities by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, differ in certain respects from accounting principles generally accepted in the United States of America. The accounting system is maintained on the modified accrual basis with certain exceptions. Significant accounting policies in New Jersey are summarized as follows:

BOROUGH OF FREEHOLD
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
YEARS ENDED DECEMBER 31, 2015 and 2014

Note 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Basis of Accounting (Continued)

Property Taxes and Other Revenue - Property Taxes and other revenue are realized when collected in cash or approved by regulation for accrual from certain sources of the State of New Jersey and the Federal Government. Accruals of taxes and other revenue are otherwise deferred as to realization by the establishment of offsetting reserve accounts. GAAP requires such revenue to be recognized in the accounting period when they become susceptible to accrual, reduced by an allowance for doubtful accounts.

Grant Revenue - Federal and State grants, entitlements or shared revenue received for purposes normally financed through the Current Fund are recognized when anticipated in the Borough's budget. GAAP requires such revenue to be recognized in the accounting period when they become susceptible to accrual.

Expenditures - Expenditures for general and utility operations are generally recorded on the accrual basis. Unexpended appropriation balances, except for amounts that may have been canceled by the governing body or by statutory regulation, are automatically recorded as liabilities at December 31st of each year, under the title of "Appropriation Reserves".

Grant appropriations are charged upon budget adoption to create spending reserves.

Budgeted transfers to the Capital Improvement Fund are recorded as expenditures to the extent permitted by law.

Expenditures from Trust and Capital Funds are recorded upon occurrence and charged to accounts statutorily established for specific purposes.

Budget Appropriations for interest on General Capital Long-Term Debt is raised on the cash basis and is not accrued on the records; interest on Utility Debt is raised on the accrual basis and so recorded.

GAAP requires expenditures to be recognized in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest on general long-term debt, which should be recognized when due.

BOROUGH OF FREEHOLD
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
YEARS ENDED DECEMBER 31, 2015 and 2014

Note 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Basis of Accounting (Continued)

Reserve for Encumbrances - As of January 1, 1986 all local units were required by N.J.A.C. 5:30-5.2, as promulgated by the Division of Local Government Services, to maintain an encumbrance accounting system. The directive states that contractual orders outstanding at December 31 are reported as expenditures through the establishment of an encumbrance payable. Encumbrances do not constitute expenditures under GAAP.

Appropriation Reserves - Appropriation reserves are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred during the preceding year. Lapsed appropriation reserves are recorded as additions to income. Appropriation reserves do not exist under GAAP.

Compensated Absences - Expenditures relating to obligations for unused vested accumulated sick, vacation and compensatory pay are not recorded until paid. GAAP requires that the amount that would normally be liquidated with expendable available financial resources be recorded as an expenditure in the operating funds and the remaining obligations be recorded as a long-term obligation.

Property Acquired for Taxes - Property Acquired for Taxes (Foreclosed Property) is recorded in the Current Fund at the assessed valuation during the year when such property was acquired by deed or foreclosure and is offset by a corresponding reserve account. GAAP requires such property to be recorded in the general fixed assets account group at market value on the date of acquisition.

Interfund Accounts Receivable - Interfund Accounts Receivable in the Current Fund are generally recorded with offsetting reserves that are established by charges to operations. Collections are recognized as income in the year that the receivables are realized. Interfund Accounts Receivable of all other funds are recorded as accrued and are not offset with reserve accounts. Interfund Accounts Receivable of one fund are offset with Interfund Accounts Payable of the opposite fund. GAAP does not require the establishment of an offsetting reserve.

BOROUGH OF FREEHOLD
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
YEARS ENDED DECEMBER 31, 2015 and 2014

Note 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Basis of Accounting (Continued)

Inventories of Supplies - Materials and supplies purchased by all funds are recorded as expenditures.

An annual inventory of materials and supplies for the Water-Sewer Utility is required, by regulation, to be prepared by Borough personnel for inclusion on the Water-Sewer Utility Operating Fund balance sheet. Annual changes in valuations, offset with a Reserve Account, are not considered as affecting results of operations. Materials and supplies of other funds are not inventoried nor included on their respective balance sheets.

Fixed Assets

General - In accordance with N.J.A.C. 5:30-5.6, Accounting for Governmental Fixed Assets, as promulgated by the Division of Local Government Services, which differs in certain respects from GAAP, the Borough has developed a fixed asset accounting and reporting system.

GAAP requires that fixed assets be capitalized at historical or estimated historical cost if actual historical cost is not available. Depreciation on utility fixed assets should also be recorded.

Fixed assets used in governmental operations (general fixed assets) are accounted for in the General Fixed Asset Account Group. Public domain ("infrastructure") general fixed assets consisting of certain improvements other than buildings, such as roads, bridges, curbs and gutters, streets and sidewalks and drainage systems are not capitalized.

Acquisition of land, buildings, machinery, equipment and other capital assets are recorded on a perpetual fixed asset record.

General fixed assets are defined as nonexpendable personal property having a physical existence, a useful life of more than one year and an acquisition cost of \$5,000.00 or greater, per unit.

BOROUGH OF FREEHOLD
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
YEARS ENDED DECEMBER 31, 2015 and 2014

Note 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Basis of Accounting (Continued)

Fixed Assets (Continued)

General (Continued)

Vehicles, furniture, equipment and other items are reflected at replacement values at time of inventory preparation. Additions to the established fixed assets are valued at cost.

Depreciation of assets is not recorded as an operating expense of the Borough.

Utilities - Capital acquisitions, including utility infrastructure costs of the Water-Sewer Utility, are recorded at cost upon purchase or project completion in the Fixed Capital account of the utilities. The Fixed Capital Accounts are adjusted for dispositions or abandonments. The accounts include moveable fixed assets of the Utility but are not specifically identified and are not duplicated in the Fixed Asset Group of Accounts.

Utility improvements that may have been constructed by developers are not recorded as additions to Fixed Capital.

Fixed Capital of the Utility is offset by accumulations in Amortization Reserve Accounts. The accumulations represent costs of fixed assets purchased with budgeted funds or acquired by gift as well as grants, developer contributions or liquidations of related bonded debt and other liabilities incurred upon fixed asset acquisition.

The Fixed Capital Accounts reflected herein are recorded in the records of the municipality and do not necessarily reflect the true condition of such Fixed Capital. The records consist of a control account only. Detailed records are not maintained.

BOROUGH OF FREEHOLD
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
YEARS ENDED DECEMBER 31, 2015 and 2014

Note 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Basis of Accounting (Continued)

Compensated Absences - Expenditures relating to obligations for unused vested accumulated vacation and sick pay are not recorded until paid. GAAP requires that the amount that would normally be liquidated with expendable available financial resources be recorded as an expenditure in the operating funds and the remaining obligations be recorded as long-term obligation.

Total Columns on Combined Statements - Total columns are captioned "memorandum only" to indicate that they are presented only to facilitate financial analysis. Data in these columns do not present financial position, results of operations, or changes in financial position in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

Accounting and Financial Reporting for Pensions - In June 2012, the Governmental Accounting Standards Board (GASB) approved Statement No. 68 Accounting and financial reporting for pensions administered by state and local government employers. This Statement improves accounting and financial reporting by state and local governments for pensions. It also improves information provided by state and local government employers about financial support for pensions that is provided by other entities. This Statement results from a comprehensive review of the effectiveness of existing standards of accounting and financial reporting for pensions with regard to providing decision useful information, supporting assessments of accountability and interperiod equity, and creating additional transparency. This Statement replaces the requirement of Statement No. 27, *Accounting for Pension by State and Local Governmental Employers*, as well as the requirements of Statement No. 50, *Pension Disclosures*, as they relate to pensions that are provided through pension plans administered as trusts or equivalent arrangements that meet certain criteria. The requirements of Statements 27 and 50 remain applicable for pensions that are not covered by the scope of this Statement. This statement is effective for periods beginning after June 15, 2014.

BOROUGH OF FREEHOLD
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
YEARS ENDED DECEMBER 31, 2015 and 2014

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Basis of Accounting (Continued)

Accounting and Financial Reporting for Pensions (Continued)

In November of 2013, GASB approved Statement 71, Pension Transition for Contributions made Subsequent to the Measurement Date-an amendment to GASB No. 68. The objective of this Statement is to address an issue regarding application of the transition provisions of Statement No. 68, Accounting and Financial Reporting for Pensions. The issue relates to amounts associated with contributions, if any, made by a state or local government employer or non-employer contributing entity to a defined benefit pension plan after the measurement date of the government's beginning net pension liability.

Statement 68 requires a state or local government employer (or non-employer contributing entity in a special funding situation) to recognize a net pension liability measured as of a date (the measurement date) no earlier than the end of its prior fiscal year. If a state or local government employer or non-employer contributing entity makes a contribution to a defined benefit pension plan between the measurement date of the reported net pension liability and the end of the government's reporting period, Statement 68 requires that the government recognize its contribution as a deferred outflow of resources.

In addition, Statement 68 requires recognition of deferred outflows of resources and deferred inflows of resources for changes in the net pension liability of a state or local government employer or nonemployer contributing entity that arise from other types of events.

At transition to Statement 68, if it is not practical for an employer or nonemployer contributing entity to determine the amounts of all deferred outflows of resources and deferred inflows of resources related to pensions, paragraph 137 of Statement 68 required that beginning balances for deferred outflows of resources and deferred inflows of resources not be reported. Consequently, if it is not practical to determine the amounts of all deferred outflows of resources and deferred inflows of resources related to pensions, contributions made after the measurement date of the beginning net pension liability could not have been reported as deferred outflows of resources at transition. This could have resulted in a significant understatement of an employer or nonemployer contributing entity's beginning net position and expense in the initial period of implementation.

BOROUGH OF FREEHOLD
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
YEARS ENDED DECEMBER 31, 2015 and 2014

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Basis of Accounting (Continued)

Accounting and Financial Reporting for Pensions (Continued)

This Statement amends paragraph 137 of Statement 68 to require that, at transition, a government recognize a beginning deferred outflow of resources for its pension contributions, if any, made subsequent to the measurement date of the beginning net pension liability. Statement 68, as amended, continues to require that beginning balances for other deferred outflows of resources and deferred inflows of resources related to pensions be reported at transition only if it is practical to determine all such amounts.

Under GAAP, municipalities are required to recognize the pension liability in Statements of Revenues, Expenses, Changes in Net Assets (balance sheets) and Notes to the Financial Statements in accordance with GASB 68. The liability required to be displayed by GASB 68 is displayed as a separate line item in the Unrestricted Net Assets area of the balance sheet.

New Jersey's municipalities and counties do not follow GAAP accounting principles and, as such, do not follow GASB requirements with respect to recording the net pension liability as a liability on their balance sheets. However, N.J.A.C.5:30 6.1(c)(2) requires municipalities to disclose GASB 68 information in the Notes to the Financial Statements. The disclosure must meet the requirements of GASB 68.

- D. Basic Financial Statements - The GASB Codification also defines the financial statements of a governmental unit to be presented in the general purpose financial statements to be in accordance with GAAP. The Borough presents the financial statements listed in the table of contents which are required by the Division and which differ from the financial statements required by GAAP.

Note 2. DEPOSITS AND INVESTMENTS

A. Deposits

The Borough's deposits are insured through either the Federal Deposit Insurance Corporation (FDIC) or New Jersey's Governmental Unit Deposit Protection Act (GUDPA). The New Jersey Governmental Unit Deposit Protection Act requires all banks doing business in the State of New Jersey to maintain additional collateral in the amount of 5% of the average public deposits and to deposit these amounts with the Federal Reserve Bank for all deposits not covered by the FDIC.

Bank balances are insured up to \$250,000.00 in aggregate by the FDIC for each bank. At December 31, 2015 and 2014, the book value of the Borough's deposits were \$13,520,626.20 and \$11,672,873.58, respectively and bank balances of the Borough's deposits amounted to \$13,570,229.30 and \$11,606,210.96, respectively. The Borough's deposits which are displayed on the various fund balance sheets as "cash and cash equivalents" are categorized as follows:

Depository Account	December 31,	
	2015	2014
Insured	\$ 500,000.00	\$ 500,000.00
Uninsured and Collateralized	13,070,229.30	11,106,210.96
	\$ 13,570,229.30	\$ 11,606,210.96

Custodial Credit Risk - Deposits – Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The Borough does not have a formal policy for custodial risk. As of December 31, 2015 and 2014, the Borough's bank balance of \$13,070,229.30 and \$11,106,210.96, respectively was exposed to custodial credit risk as follows:

	2015	2014
Uninsured and Collateralized:		
Collateral held by pledging financial institution's trust department not in the Borough's name	\$ 13,070,229.30	\$ 11,106,210.96
	\$ 13,070,229.30	\$ 11,106,210.96

BOROUGH OF FREEHOLD

YEARS ENDED DECEMBER 31, 2015 and 2014

Note 2. DEPOSITS AND INVESTMENTS (CONTINUED)

B. Investments

The Borough is permitted to invest public funds in accordance with the types of securities authorized by N.J.S.A. 40A:5-15.1. Investments include bonds or other obligations of the United States or obligations guaranteed by the United States of America, Government Money Market Mutual Funds, bonds or other obligations of the Borough or bonds or other obligations of the school districts which are a part of the Borough or school districts located within the Borough, Local Government investment pools, and agreements for the repurchase of fully collateralized securities, if transacted in accordance with N.J.S.A. 40A:5-15.1 (8a-8e). In addition, the Borough is permitted to invest LOSAP Funds with the types of eligible investments authorized in N.J.A.C. 5:30-14.19. LOSAP investments include interest bearing account or securities, in which savings banks of New Jersey are authorized to invest their funds, New Jersey Cash Management Fund, fixed and variable individual or group annuity contracts, mutual fund shares or fixed or variable life insurance contracts.

Interest Rate Risk: Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The Borough does not have a formal investment policy that limits investment maturities as a means of managing its exposure; however, investments are matched with anticipated cash flows to minimize interest rate risk.

Credit Risk: Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The Borough limits its credit risk by investing in direct obligations of the United States government, its agencies or instrumentalities secured by the full faith and credit of the government of the United States. U.S. government securities carry an underlying rating of AAA by Standard and Poor's and AAA by Moody's Investors Service. The Authority's investments in federal agency discount notes carry the highest available rating by Standard & Poor's. The Borough has no policy on credit risk; however, investments are limited to securities guaranteed by the U.S. Government.

Concentration of Credit Risk: The Borough places no limit on the amount that may be invested in any one issuer. 100% of the Borough's investments are in obligations of the United States or its agencies or instrumentalities.

Note 3. TAXES AND TAX TITLE LIENS RECEIVABLE

Property assessments are determined on true values and taxes are assessed based upon these values. The residential tax bill includes the levies for the Borough, County and Schools purposes. Certified adopted budgets are submitted to the County Board of Taxation by each taxing district. The tax rate is determined by the Board upon the filing of these budgets.

The tax bills are mailed by the Tax Collector annually in June and are payable in four quarterly installments due the first of August and November of the current year and a preliminary billing due the first of February and May of the subsequent year. The August and November billings represent the third and fourth quarter installments and are calculated by taking the total year tax levy less the preliminary first and second quarter installments due February and May. The preliminary levy is based on one-half of the current year's total tax.

Tax installments not paid by the above due dates are subject to interest penalties determined by a resolution of the governing body. The rate of interest in accordance with the aforementioned resolution is 8% per annum on the first \$1,500.00 of delinquency and 18% on any delinquency in excess of \$1,500.00. The resolution also sets a grace period of ten days before interest is calculated. In addition, any delinquency in excess of \$10,000.00 at the end of the calendar year is subject to a 6% penalty on the unpaid balance. Taxes unpaid on the 11th day of the eleventh month in the fiscal year when the taxes became in arrears are subject to the tax sale provisions of the New Jersey statutes. The municipality may institute in rem foreclosure proceedings after six months from the date of the sale if the lien has not been redeemed. The following is a five-year comparison of certain statistical information relative to property taxes and property tax collections for the current and previous four years.

Note 7. PENSION PLANS

Description of Systems

Substantially all of the Borough's employees participate in one of the following contributory defined benefit public employee retirement systems that have been established by State statute: the Public Employees' Retirement System (PERS), the Police and Firemen's Pension Fund (PFRS), or the Defined Contribution Retirement Program (DCRP). In addition, the Borough contributes to the Consolidated Police and Firemen's Pension Fund. These systems are sponsored and administered by the New Jersey Division of Pensions and Benefits. The Public Employees' Retirement System and the Police and Firemen's Retirement System are considered cost sharing multiple-employer plans.

Public Employees' Retirement System

The Public Employees' Retirement System (PERS) was established January 1, 1955 under the provisions of N.J.S.A. 43:15A to provide coverage, including post-retirement health care, to substantially all full-time employees of the State or any county, municipality, school district or public agency provided the employee is not a member of another State-administered retirement system. Membership is mandatory for such employees and vesting occurs after ten years of service credit and twenty-five years of service credit for medical benefits.

Retirement benefits for age and service are available at age 65 and are generally determined to be 1/55th of the final average salary for each year of service credit, as defined. Final average salary equals the average salary for the final three years of service prior to retirement (or highest three years' compensation if other than the final three years). Members may seek early retirement after achieving 30 years of service credit or they may elect deferred retirement after achieving ten years of service credit in which case benefits would begin the first day of the month after the member attains normal retirement age. The PERS provides for specified medical benefits for members who retire after achieving 25 years of qualified service, as defined, or under the disability provisions of the System.

Members are always fully vested for their own contributions and, after three years of service credit, become vested for 2% of related interest earned on the contributions. In the case of death before retirement, members' beneficiaries are entitled to full interest credited to the members' accounts.

Note 7. PENSION PLANS (CONTINUED)

Description of Systems (Continued)

Police and Firemen's Retirement System

The Police and Firemen's Retirement System (PFRS) was established July 1, 1944 under the provisions of N.J.S.A. 43:16A to provide coverage to substantially all full time county and municipal police or firemen and State firemen appointed after June 30, 1944. Membership is mandatory for such employees with vesting occurring after ten years of membership. A member may retire at age fifty-five with a benefit equal to two percent of average compensation for each year of creditable service up to thirty years, plus one percent for each year of creditable service in excess of thirty years.

Consolidated Police and Firemen's Pension Fund

The Consolidated Police and Firemen's Retirement System (CPFRS) is a closed system with no active members and was established in January 1952 to provide coverage to municipal police and firemen who were appointed prior to July 1, 1944.

Contributions Required to be Made

Employee contributions, effective July 1, 2015, are currently six and ninety-two one-hundredths percent (7.06%) of their base wages for PERS and ten percent (10%) for PFRS. Employer's contributions are actuarially determined annually by the Division of Pensions. Contributions to the plan for the past three (3) years are as follows:

<u>Year</u>	<u>PERS</u>		<u>PFRS</u>	
	<u>Borough</u>	<u>Employees</u>	<u>Borough</u>	<u>Employees</u>
2015	\$ 328,585.00	\$ 179,522.17	\$ 764,533.00	\$ 298,405.78
2014	290,987.00	173,489.45	723,270.00	300,952.88
2013	312,813.00	176,204.18	747,893.00	297,696.66

All contributions were equal to the required contributions for each of the three years, respectively.

Accounting and Financial Reporting for Pensions – GASB #68

The Governmental Accounting Standards Board (GASB) has issued Statement No. 68 “Accounting and Financial Reporting for Public Employees Pensions” and is effective for fiscal years beginning after June 15, 2014. This statement requires the State of New Jersey to calculate and allocate, for note disclosure purposes only, the unfunded net pension liability of Public Employees Retirement System (PERS) and the Police and Firemen’s Retirement System (PFRS) of the participating municipality as of December 31, 2015. The statement does not alter the amounts of funds that must be budgeted for pension payments under existing state law.

Under accounting principles and practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, any unfunded net pension liability of the municipality, allocated by the State of New Jersey, is not required to be reported in the financial statements as presented and any pension contributions required to be paid are raised in that year’s budget and no liability is accrued at December 31, 2015.

Public Employees Retirement System (PERS)

At June 30, 2015, the State reported a net pension liability of \$7,830,371.00 for the Borough of Freehold’s proportionate share of the total net pension liability. The total pension liability for the June 30, 2015 measurement date was determined by an actuarial valuation as of July 1, 2014, which was rolled forward to June 30, 2015. The Borough's proportion of the net pension liability was based on a projection of the Borough’s long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. At June 30, 2015, the Borough’s proportion was 0.0348822736 percent, which was a decrease of 0.0029001681 percent from its proportion measured as of June 30, 2014.

For the year ended June 30, 2015, the State recognized an actuarially determined pension expense of \$457,129.00 for the Borough of Freehold’s proportionate share of the total pension expense. The pension expense recognized in the Borough’s financial statement based on the April 1, 2015 billing was \$311,473.00.

Additional Information

Collective balances at June 30, 2015 and 2014 are as follows

	<u>6/30/2015</u>	<u>6/30/2014</u>
Collective deferred outflows of resources	\$5,086,138,484	\$1,032,618,058
Collective deferred inflows of resources	478,031,236	\$1,726,631,532
Collective net pension liability - local	22,447,996,119	18,722,735,003
Borough's Proportion	0.0348822736%	0.0377824417%

Actuarial Assumptions

The total pension liability for the June 30, 2015 measurement date was determined by an actuarial valuation as of July 1, 2014, which rolled forward to June 30, 2015. The total pension liability for the June 30, 2014 measurement date was determined by an actuarial valuation as of July 1, 2013. These actuarial valuations used the following assumptions:

	<u>June 30, 2014</u>	<u>June 30, 2015</u>
Inflation	3.01 Percent	3.04 Percent
Salary Increases (based on age)		
2012-2021	2.15-4.40 Percent	2.15-4.40 Percent
Thereafter	3.15-5.40 Percent	3.15-5.40 Percent
Investment Rate of Return	7.90 Percent	7.90 percent

Mortality rates were based on the RP-2000 Combined Healthy Male and Female Mortality Tables (setback 1 year for males and females) for service retirement and beneficiaries of former members with adjustments for mortality improvements from the base year of 2012 based on Projection Scale AA. The RP-2000 Disabled Mortality Tables (setback 3 years for males and setback 1 year for females) are used to value disabled retirees

Actuarial Assumptions (Continued)

The actuarial assumptions used were based on the results of an actuarial experience study for the period July 1, 2008 to June 30, 2011. It is likely that future experience will not exactly conform to these assumptions. To the extent that actual experience deviates from these assumptions, the emerging liabilities may be higher or lower than anticipated. The more the experience deviates, the larger the impact on future financial statements.

Long-Term Rate of Return

In accordance with State statute, the long-term expected rate of return on plan investments is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. Best estimates of arithmetic real rates of return for each major asset class included in PERS's target asset allocation as of June 30, 2014 and June 30, 2015 are summarized in the following table:

<u>Asset Class</u>	<u>June 30, 2015</u>		<u>June 30, 2014</u>

NOTE 7: PENSION PLANS (CONTINUED)

Accounting and Financial Reporting for Pensions - GASB 68 (Continued)

Public Employees Retirement System (PERS) (Continued)

Discount Rate

The discount rate used to measure the total pension liability was 4.90% and 5.39% as of June 30, 2015 and 2014, respectively. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.9%, and a municipal bond rate of 4.30% and 4.29% as of June 30, 2015 and 2014, respectively, based on the Bond Buyer Go 20-Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on the average of the last five years of contributions made in relation to the last five years of recommended contributions. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2033. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2033, and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

Sensitivity of the collective net pension liability to changes in the discount rate.

The following presents the collective net pension liability of the participating employers as of June 30, 2015 respectively, calculated using the discount rate as disclosed above as well as what the collective net pension liability would be if it was calculated using a discount rate that is 1 -percentage point lower or 1- percentage-point higher than the current rate:

	June 30, 2015		
	1% Decrease <u>3.90%</u>	At Current Discount Rate <u>4.90%</u>	1% Increase <u>5.90%</u>
Borough's proportionate share of the pension liability	9,732,194.00	7,830,371.00	6,235,897.00

Pension plan fiduciary net position

Detailed information about the pension plan's fiduciary net position is available in the separately issued Financial Report for the State of New Jersey Public Employees Retirement System (PERS).

Actuarial Assumptions

The total pension liability for the June 30, 2015 measurement date was determined by an actuarial valuation as of July 1, 2014, which rolled forward to June 30, 2015. The total pension liability for the June 30, 2014 measurement date was determined by an actuarial valuation as of July 1, 2013. This actuarial valuation used the following assumptions:

Inflation	3.04 Percent	3.01 Percent
Salary Increases (based on age)		
2012-2021	2.60-9.48 Percent	3.95-8.62 Percent
Thereafter	3.60-10.48 Percent	4.95-9.62 Percent
Investment Rate of Return	7.90 Percent	7.90 Percent

Mortality rates used for the July 1, 2014 valuation were based on the RP-2000 Combined Healthy Mortality Tables projected one year using Projection Scale AA and one year using Projection Scale BB for male service retirements with adjustments for mortality improvements from the base year based on Projection Scale BB. Mortality rates were based on the RP-2000 Combined Healthy Mortality Tables projected fourteen years using Projection Scale BB for female service retirements and beneficiaries with adjustments for mortality improvements from the base year of 2014 based on Projection Scale BB.

Mortality rates used for the July 1, 2013 valuation were based on the RP-2000 Combined Healthy Male and Female Mortality Tables (setback one year for females) with adjustments for mortality improvements from the base year of 2011 based on Projection Scale AA.

The actuarial assumptions used in the July 1, 2014 valuation were based on the results of an actuarial experience study for the period July 1, 2010 to June 30, 2013

The actuarial assumptions used in the June 30, 2013 valuation were based on the results of an actuarial experience study for the period July 1, 2007 to June 30, 2010.

NOTE 7: PENSION PLANS (CONTINUED)

Accounting and Financial Reporting for Pensions - GASB 68 (Continued)

Police and Firemen's Retirement System (PFRS) (Continued)

Actuarial Assumptions (Continued)

In accordance with State statute, the long-term expected rate of return on plan investments (7.90% at June 30, 2015) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic rates of return for each major asset class included in PFRS's target asset allocation as of June 30, 2015 are summarized in the following table:

<u>Asset Class</u>	<u>June 30,2015</u>		<u>June 30,2014</u>	
	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Cash	5.00%	1.04%	6.00%	0.80%

Discount Rate

The discount rate used to measure the total pension liability was 5.79% and 6.32% as of June 30, 2015 and 2014, respectively. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.90%, and a municipal bond rate of 3.80% and 4.29% as of June 30, 2015 and 2014, respectively, based on the Bond Buyer Go 20-Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on the average of the last five years of contributions made in relation to the last five years of recommended contributions. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2045. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments through 2045, and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

Sensitivity of the collective net pension liability to changes in the discount rate.

The following presents the collective net pension liability of the participating employers as of June 30, 2015 respectively, calculated using the discount rate as disclosed above as well as what the collective net pension liability would be if it was calculated using a discount rate that is 1 -percentage point lower or 1-percentage-point higher than the current rate:

	June 30, 2015		
	1% Decrease <u>4.79%</u>	At Current Discount Rate <u>5.79%</u>	1% Increase <u>6.79%</u>
Borough's proportionate share of the PFRS pension liability	\$20,578,149.00	\$15,609,403.00	\$11,557,835.00

Pension plan fiduciary net position.

Detailed information about the pension plan's fiduciary net position is available in the separately issued Financial Report for the State of New Jersey Police and Firemen's Retirement System (PFRS).

Pension Contribution Deferral

The State of New Jersey has enacted Public Law 2009, C.19, which authorizes the State Department of Treasury, Division of Pensions and Benefits to provide non-state contributing employers the option of paying an amount that represents a fifty percent (50%) reduction of the normal and accrued liability payment of the required contributions to the Police and Fire Retirement System (PFRS) and the Public Employees Retirement System (PERS) which would have been due April 1, 2010. If the deferral is elected, the amount deferred must be repaid, with interest, over a period of fifteen years, beginning in April, 2012; however, the contributing employer is permitted to pay off the obligation at any time by contacting the Division of Pension and Benefits for a payoff amount. The Borough of Freehold elected to defer a portion of its pension contributions as follows:

<u>Retirement System</u>	<u>Original Deferral Amount</u>	<u>Balance December 31, 2014</u>	<u>Amount Reduced in 2015</u>	<u>Balance December 31, 2015</u>
PFRS	\$ 340,121.00	\$ 302,643.00	\$ 20,502.00	\$ 282,141.00
PERS	<u>112,180.00</u>	<u>99,654.00</u>	<u>6,871.00</u>	<u>92,783.00</u>
Total	<u>\$ 452,301.00</u>	<u>\$ 402,297.00</u>	<u>\$ 27,373.00</u>	<u>\$ 374,924.00</u>

Post Employment Retirement Benefits

The Public Employees' Retirement System and the Police and Firemen's Retirement System provide certain post employment retirement benefits.

Note 8. POST EMPLOYMENT PLANS OTHER THAN PENSIONS

State Health Benefits Program

Plan Description. The Borough of Freehold contributes to the State Health Benefits Program (SHBP), a cost-sharing, multiple-employer defined benefit post-employment healthcare plan administered by the State of New Jersey Division of Pensions and Benefits. SHBP was established in 1961 under N.J.S.A. 52:14-17.25 et seq., to provide health benefits to State employees, retirees, and their dependents. Rules governing the operation and administration of the program are found in Title 17, Chapter 9 of the New Jersey Administrative Code. SHBP provides medical, prescription drugs, mental health/substance abuse, and Medicare Part B reimbursement to retirees and their covered dependents.

The SHBP was extended to employees, retirees, and dependents of participating local public employers in 1964. Local employers must adopt a resolution to participate in the SHBP. In 1983, the Borough of Freehold authorized participation in the SHBP's post-retirement benefit program through a resolution adopted on November 7, 1983 (agenda 22-83, item#5). The Borough of Freehold pays the monthly premium for all eligible retired employees and their dependents, including surviving spouses, if such employees retired from a State or locally-administered retirement system effective after the date the employer adopted the State Health Benefits Program on a benefit based on 25 years or more of service credited in such retirement system, excepting the employees who elected deferred retirement, but including those employees who retired on disability pensions based on fewer years of service credit.

The State Health Benefits Commission is the executive body established by statute to be responsible for the operation of the SHBP. The State of New Jersey Division of Pensions and Benefits issues a publicly available financial report that includes financial statements and required supplementary information for the SHBP. That report may be obtained by writing to: State of New Jersey Division of Pensions and Benefits, P.O. Box 295, Trenton, NJ 08625-0295 or by visiting their website at www.state.nj.us/treasury/pensions/gasb-43-sept2008.pdf.

Note 8. POST EMPLOYMENT PLANS OTHER THAN PENSIONS (CONTINUED)

State Health Benefits Program (Continued)

Funding Policy: Participating employers are contractually required to contribute based on the amount of premiums attributable to their retirees. Post-retirement medical benefits under the plan have been funded on a pay-as-you-go basis since 1994. Prior to 1994, medical benefits were funded on an actuarial basis.

Contributions to pay for the health premiums of participating retirees in the SHBP are billed to the Borough of Freehold on a monthly basis. The Borough of Freehold annually funds the required contributions through its operating budget for both the current and water-sewer utility funds.

The Borough of Freehold contributions to SHBP for the years ended December 31, 2015, 2014, and 2013, were \$811,125.16, \$746,146.50, and \$760,250.78, respectively, which equaled the required contributions for each year. There were approximately 48, 46, and 46 retired participants eligible at December 31, 2015, 2014, and 2013, respectively.

Annual OPEB Cost and Net OPEB Cost Obligation

The future value of benefits paid is not required to be reported in the financial statements as presented and has not been determined, but is probably material. Under current New Jersey budget and financial reporting requirements, the Borough will not have to provide any amounts in excess of their current cash costs or recognized any long-term obligations on their balance sheets. The State of New Jersey Division of Pensions and Benefits issues a publicly available financial report that includes financial statements and required supplementary information for the SHBP. That report may be obtained by writing to: State of New Jersey Division of Pension and Benefits, P.O. Box 295, Trenton, New Jersey 08625-0295 or by visiting their website at <http://www.state.nj.us/treasury/pensions>.

Note 9. MUNICIPAL DEBT

The Local Bond Law governs the issuance of bonds and notes to finance general capital expenditures. All bonds are retired in serial installments within the statutory period of usefulness. Bonds issued by the Borough are general obligation bonds, backed by the full faith and credit of the Borough. Bond anticipation notes, which are issued to temporarily finance capital projects, must be paid off within ten years and five months or refunded by the issuance of bonds.

1995 Series Bonds

In December 1995, the Borough issued \$2,330,000.00 aggregate principal amount of Series 1995 general obligation bonds. The Bonds were issued through the Monmouth County Improvement Authority Governmental Loan Program. The final maturity of the Bonds was paid on July 15, 2015.

2002 Series Bonds

The Borough issued \$5,462,000.00 of General Obligation Bonds consisting of \$4,303,000.00 General Improvement Bonds and \$1,159,000.00 Water/Sewer Utility Bonds dated August 1, 2002. The remaining Bonds are not subject to redemption prior to their stated annual maturities and bear interest at 4.00%.

2007 Series Bonds

The Borough issued \$4,368,000.00 of General Obligation Bonds consisting of \$3,007,000.00 General Improvement Bonds and \$1,361,000.00 Water/Sewer Utility Bonds dated November 1, 2007. The remaining Bonds are not subject to redemption prior to their stated annual maturities and bear interest at 4.00%.

YEARS ENDED DECEMBER 31, 2015 and 2014

Note 10. LOCAL DISTRICT AND REGIONAL HIGH SCHOOL TAXES

Regulations provide for the deferral of not more than 50% of the annual levy when school taxes are raised for a school year and have not been requisitioned by the school district.

The Borough raises its share of Local District School Taxes on a calendar year basis, thus there is no deferral of Local District School Taxes.

The Borough raises its share of Regional High School Taxes on a school year basis and has elected to defer these taxes as follows:

	Regional High School Taxes Balance, December 31,	
	2015	2014
Balance of Tax	\$ 1,474,431.07	\$ 1,586,565.76
Deferred Portion	1,474,431.07	1,586,565.76
Tax Payable	\$ -	\$ -

Note 11. DEFERRED COMPENSATION PLAN

The Borough offers its employees a Deferred Compensation Plan created in accordance with the provisions of N.J.S. 43:15B-1 et seq., and the Internal Revenue Code, Section 457. The plan, available to all municipal employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death or unforeseeable emergency.

Statutory and regulatory requirements governing the establishment and operation of Deferred Compensation Plans have been codified in the New Jersey Administrative Code under the reference N.J.A.C. 5:3-37.

The "Small Business Job Protection Act of 1996" revised several provisions of Section 457 of the Internal Revenue Code. A provision of the act required that all existing plans be modified to provide that the funds be held for the exclusive benefit of the participating employees and their beneficiaries.

The plan was adopted by Resolution on September 17, 1990 and amended by Resolution on December 7, 1998.

The administrator for the Borough's Deferred Compensation Plan is The Equitable.

YEARS ENDED DECEMBER 31, 2015 and 2014

Note 12. DEFERRED CHARGES

Certain expenditures are required to be deferred to budgets of succeeding years. At December 31, 2015, the following deferred charges are shown of the balance sheets of the various funds:

	Balance December <u>31, 2015</u>	2016 Budget <u>Appropriation</u>	Balance to Succeeding Years Budgets
Current Fund:			
N.J.S.A. 40A:4-53:			
Revaluation	\$ 180,000.00	\$ 60,000.00	\$ 120,000.00
Preparation of Master Plan	65,000.00	13,000.00	52,000.00
N.J.S.A. 40A:4-54			
July 28, 2012 Supercell Storm	40,000.00	20,000.00	20,000.00
Total Current Fund	<u>\$ 285,000.00</u>	<u>\$ 93,000.00</u>	<u>\$ 192,000.00</u>

Note 13. RISK MANAGEMENT

The Borough, together with other governmental units, are members of the New Jersey Intergovernmental Insurance Fund (the "Fund"). The Fund, which is organized and operated pursuant to the regulatory authority of the Departments of Insurance and Community Affairs, State of New Jersey, provides for a pooling of risks, subject to established limits and deductibles.

For the year ended December 31, 2015, the Fund provided coverage for Property, Boiler and Machinery, Automobile Liability, General Liability and Workmen's Compensation. The Fund also provided public officials' surety bond coverage and public employee blanket bond coverage.

New Jersey Unemployment Compensation Insurance

The Borough has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan, the Borough is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The Borough is billed quarterly for amounts due to the State. The following is a summary of Borough contributions, employee contributions, reimbursements to the State for benefits paid and the ending balance of the Borough's trust fund for the current and prior two years:

<u>December 31,</u>	Interest <u>Earned</u>	<u>Contributions</u>	<u>Reimbursed</u>	<u>Balance</u>
2015	\$ 543.72	\$ 20,777.96	\$ 20,164.39	\$ 216,270.96
2014	526.34	25,882.98	18,149.74	215,113.67
2013	430.59	33,052.23	13,070.56	206,854.09

Note 14. INTERFUND RECEIVABLES AND PAYABLES

Interfund receivable and payable balances at December 31, 2015 were as follows:

	<u>Interfund Receivable</u>	<u>Interfund Payable</u>
Current Fund	\$ 1,445.52	
Animal Control Trust Fund		\$ 1,445.52
Current Fund	32,333.70	
General Capital Fund		32,333.70
Current Fund	5,289.29	
Trust Other Fund		5,289.29
Federal and State Grant Fund	74,109.06	
Current Fund		74,109.06
Water-Sewer Utility Operating Fund	347.95	
Water-Sewer Utility Capital Fund		347.95
Current Fund	14,703.52	
Water-Sewer Utility Operating Fund		14,703.52
Current Fund	41.17	
Payroll Fund		41.17
	<u>\$ 128,270.21</u>	<u>\$ 128,270.21</u>

The above interfund balances are created by several factors such as interest earnings in one fund that are not transferred by year end, expenditures by one-fund not reimbursed by the other fund by year end and book entries for control purposes.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
YEARS ENDED DECEMBER 31, 2015 and 2014

Note 15. CONTINGENT LIABILITIES

A. Reserve for Compensated Absences

The Borough has a potential contingent liability for accrued unused sick days as of December 31, 2015, under the adopted policies and procedures of the Borough, of \$367,321.43, for those employees who could conceivably retire within the next five years. The Borough has funded \$180,939.54. An accrual has not been made for the unfunded portion of this potential liability.

B. Reserve for State Tax Appeals

The Borough has a Reserve for State Tax Appeals at December 31, 2015 of \$202,491.71. This amount represents various cases pending appeal for the years 2013 through 2015. This amount is based upon a historical averages and managements estimate as of December 31, 2015. Should the appeals, when finally adjudicated, exceed the amounts provided, the excess would be a direct charge to the operations (fund balance) of the Borough.

C. Litigation

The Borough Attorney's representation has revealed that no material contingencies exist for litigation in which the Borough is involved.

YEARS ENDED DECEMBER 31, 2015 and 2014

Note 16. LENGTH OF SERVICE AWARDS PROGRAM (LOSAP)

A. Volunteer Fire Department

The Borough of Freehold Length of Service Award Program (the Plan) was created by a Borough Ordinance adopted on August 4, 2003 pursuant to P.L. 1997, c. 388 of the State of New Jersey and Code Section 457 of the Internal Revenue Code of 1986, as amended, except for provisions added by reason of the LOSAP as enacted into federal law in 1997. The voters of the Borough of Freehold approved the adoption of the Plan at the general election held on November 4, 2003.

The first year of eligibility for entrance into the Plan was calendar year 2004. The tax deferred income benefits for the Volunteer Fire Department come from contributions made solely by the Borough on behalf of those volunteers who meet the criteria of the plan created by the governing body.

If an active member meets the year of active service requirements, a LOSAP must provide a benefit contribution of \$1,150.00 per year in accordance with the Borough Ordinance adopted on August 4, 2003 as amended.

The Borough of Freehold contributed \$78,200.00 and \$77,050.00 during 2015 and 2014, respectively for each eligible volunteer fire department member in the Plan.

In accordance with the amendments to Section 457 of the Internal Revenue Service Code and the State Deferred Revenue Regulations, the Borough has placed the amounts deferred, including earnings, in a trust for the exclusive benefit of the plan participants and their beneficiaries. All earnings, dividends and other distributions of the account shall be automatically reinvested.

B. Freehold First Aid and Emergency Squad

The Length of Service Award Program (the Plan) was created by a Borough Ordinance adopted on August 16, 2004 pursuant to P.L. 1997, c. 388 of the State of New Jersey and Code Section 457 of the Internal Revenue Code of 1986, as amended, except for provisions added by reason of the LOSAP as enacted into federal law in 1997. The LOSAP is administered by the Borough of Freehold as the lead agency through an interlocal service agreement with the Township of Freehold. The voters of the Borough of Freehold and Township of Freehold approved the adoption of the Plan at the general election held on November 2, 2004. The Borough of Freehold is responsible for thirty-five percent (35%) and the Township of Freehold is responsible for sixty-five (65%) of the total contribution.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
YEARS ENDED DECEMBER 31, 2015 and 2014

Note 16. LENGTH OF SERVICE AWARDS PROGRAM (LOSAP) (CONTINUED)

B. Freehold First Aid and Emergency Squad(continued)

The first year of eligibility for entrance into the Plan was calendar year 2005. The tax deferred income benefits for the Volunteer Fire Department come from contributions made solely by the Borough on behalf of those volunteers who meet the criteria of the plan created by the governing body.

If an active member meets the year of active service requirements, a LOSAP must provide a benefit contribution of \$1,150.00 per year in accordance with the Borough Ordinance adopted on August 16, 2004.

The Borough of Freehold contributed \$10,465.00 and \$10,062.50 during 2015 and 2014, respectively for each eligible volunteer member in the Plan.

In accordance with the amendments to Section 457 of the Internal Revenue Service Code and the State Deferred Revenue Regulations, the Borough has placed the amounts deferred, including earnings, in a trust for the exclusive benefit of the plan participants and their beneficiaries. All earnings, dividends and other distributions of the account shall be automatically reinvested.

Vesting and Benefits

A volunteer is eligible to receive a distribution of funds upon completing 5 (five) cumulative years as an active member of the volunteer organization. Certain restrictions and tax implications may result in the event of a withdrawal of funds from the Plan.

If a volunteer member does not vest and terminates their association with the respective volunteer organization, the funds are returned to the sponsoring agency's surplus.

Reporting Requirements

The New Jersey Administrative Code N.J.A.C. 5:30-14.49 requires that the Borough have performed a separate review report of the plan in accordance with the American Institute of Certified Public Accountants (AICPA) Statements on Standards for Accounting and Auditing Review Services.

AUDITOR'S COMMENTS

CONTRACTS AND AGREEMENTS REQUIRED TO BE
ADVERTISED FOR (N.J.S.A. 40A:11-4)

Every contract or agreement for the performance of any work or the furnishing or hiring of any materials or supplies, the cost or the contract price whereof is to be paid with or out of public funds, not included within the terms of Section 3 of this act, shall be made or awarded only by the governing body of the contracting unit after public advertising for bids and bidding therefore, except as is provided otherwise in this act or specifically by any other law. No work, materials or supplies shall be undertaken, acquired or furnished for a sum exceeding in the aggregate the amount set forth in or the amount calculated by the Governor pursuant to Section 3 of P.L. 1971 c.198 (C.40A:11-3), except by contract or agreement.

The bid threshold in accordance with N.J.S.A. 40A:11-4 is \$17,500.00 or up to \$40,000.00 if the entity has a Qualified Purchasing Agent. The Borough has a Qualified Purchasing Agent and has increased its bid threshold to \$40,000.00.

The governing body of the Municipality has the responsibility of determining whether the expenditures in any category will exceed \$40,000.00 within the fiscal year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Borough Attorney's opinion should be sought before a commitment is made.

The minutes indicate that bids were requested by public advertising for the following items:

- Refuse and Recycling Collection Services
- Tree Removal and Trimming
- Street Improvements
- Vacuum Leaf Loader
- Water and Sewer Chemicals
- Cold Water Meters

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear cut violations existed.

Our examination of expenditures did not reveal any individual payments, contracts or agreements in excess of \$40,000.00 for the performance of any work or the furnishing or hiring of any materials or supplies, other than those where bids had been previously sought by public advertisement or where a resolution had been previously adopted under the provisions of N.J.S.A. 40A:11-6.

CONTRACTS AND AGREEMENTS REQUIRED TO BE
ADVERTISED FOR (N.J.S.A. 40A:11-4 (CONTINUED))

The minutes indicate that resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services" as required by N.J.S.A. 40:11-14:

Borough Auditor

Legal Services
Municipal Prosecutor
Public Defender

COLLECTION OF INTEREST ON DELINQUENT
TAXES AND ASSESSMENTS

The statute provides the method for authorizing interest and the maximum rate to be charged for the non-payment of taxes or assessments on or before the date when they would become delinquent.

The governing body on January 4, 2015 adopted a resolution authorizing interest to be charged on delinquent taxes and assessments. Interest at the rate of 8% per annum shall be charged on the first \$1,500.00 of the delinquency, and 18% on any amount in excess of \$1,500.00. Further, an additional penalty of 6% shall be charged on any delinquency at December 31 that exceeds \$10,000.00.

It appears from an examination of the Collector's records that interest was collected in accordance with the foregoing resolution.

TAX TITLE LIENS

The last tax sale was held on October 22, 2015 and was complete.

An examination of the tax sale certificates revealed all certificates were on file and available for audit.

The following is a comparison of the number of tax title liens receivable on December 31 of the last five years:

<u>YEAR</u>	<u>NUMBER</u>
2015	4
2014	4
2013	4

It is essential to good management that all means provided by statute be utilized to liquidate tax title liens in order to get such properties back on a tax paying basis.

VERIFICATION OF DELINQUENT TAXES
AND OTHER CHARGES

A test verification of delinquent charges and current payments was made in accordance with the regulations of the Division of Local Government Services, including the mailing of verification notices as follows:

<u>TYPE</u>	
Payments of 2016 Taxes	25
Payments of 2015 Taxes	25
Delinquent Taxes	15
Payment of Water/Sewer Utility Charges	25
Delinquent Water/Sewer Utility Charges	15

OTHER COMMENTS

Interfund Balances

Transactions invariably occur in one fund which require a corresponding entry to be made in another fund, thus creating interfund balances. Reference to the various balance sheets show the interfund balances remaining at year end. As a general rule all interfund balances should be closed out as of the end of the year. It is the Borough's policy to review and liquidate all interfund balances on a periodic basis.
