This Month's Genre: **SHORT STORIES**

A book of short stories is not technically a genre, but the term is used for classification purposes. The stories within may be of any genre.

It can be said that short stories evolved from oral storytelling traditions in the 17th Century. The short story generally features a small cast. Though they have no set length, short stories can be read in "one sitting."

Short on time? Enjoy a short story!

Congratulations!

We have our first patron finish the 2017 Reading Challenge: Connie Rosseel. Well done, Connie, and thank you for participating.
