

BOROUGH OF FREEHOLD

51 West Main Street ~ Freehold, New Jersey 07728-2195

NEWSLETTER

October 2019

FALL HYDRANT FLUSHING: Fall flushing of fire hydrants will be conducted on Wednesday, October 16, 2019 starting at 8:00 a.m. and continuing until all flushing has been completed. Residents may notice lower water pressure and slight discoloration of the water as the flushing is performed in your area. The discoloration is not harmful, and will clear up if you allow the water to run for a few extra minutes. The flushing process maintains the overall excellent water quality in our distribution system and ensures that each fire hydrant operates properly.

CURBSIDE BRUSH COLLECTION: Curbside brush collection will take place in the Borough during the month of October. Limbs should be cut into lengths of 4 ft. or less and placed at the curb for collection. Do not mix in any grass or leaves with the brush. THIS WILL BE YOUR LAST OPPORTUNITY FOR BRUSH COLLECTION IN 2019. Residents also have the option of taking the brush to the public works yard located at 161 Center St. every Saturday during the months of November and December from 7:00 a.m. - noon. Proof of residency will be required.

LEAF COLLECTION: Curbside leaf pick-up will commence in the Borough on Friday, November 1st, and will continue until all leaves have been collected. Leaves may be left in loose piles at the curb, or you may place them in clear plastic bags.

HOUSING REHABILITATION: Freehold Borough's Housing Rehabilitation Program is currently accepting applications from qualified homeowners or investor/owners of rental properties who wish to make improvements to their property in order to bring it up to Code compliance. Funds are available for existing units of residential properties which are occupied by low and moderate income persons. This program will provide repairs to major systems such as roofing, heating, electric, foundation repairs and window replacement. Please call 609-664-2781 for additional information.

IMPORTANT MESSAGE FROM THE BOARD OF HEALTH: Recently there have been increased reports of wildlife sightings in the Borough. Many problems dealing with wildlife can be resolved by following a few simple steps: 1) Keep your yard free of garbage, and keep lids on all garbage cans. Plastic bags which contain garbage should be sprayed with ammonia or bleach to deter animals; and 2) Be sure all pet food remains indoors, especially at night. Leaving pet food outside encourages animals to come onto your property.
