

Shade Tree Commission

The Shade Tree Commission has had more than fifty trees planted in the area between the curb and the sidewalks in the borough. We refer to these as “street trees.”

We’ve been fortunate to have an abundance of rain since the planting was done. The STC wants to remind homeowners that new trees do require a thorough watering, especially during the summer of their first year.

Please protect our urban forest by watering any tree recently planted in front of your home.

If you have any questions about these street trees, don’t hesitate to contact the STC by calling borough hall 732 462-4200.

Or, you may address your concerns by writing to the STC at 51 West Main Street. Likewise, you can go to our new borough website and email your concerns at the “contact” icon.

The public is always welcome to attend the STC meetings which are held on the 3rd Thursday of each month at 6:30 pm.

Meetings are held on the second floor of Borough Hall.
